MOUNT ST. MARY'S COLLEGE STRATEGIC PLAN FOR 2001-2006

MISSION STATEMENT

MOUNT ST. MARY'S COLLEGE OFFERS A DYNAMIC LEARNING EXPERIENCE in the liberal arts and sciences to a diverse student body. As a Catholic college primarily for women, we are dedicated to providing a superior education enhanced by an emphasis on building leadership skills and fostering a spirit to serve others. Our measure of success is graduates who are committed to using their knowledge and skills to better themselves, their environments, and the world.

MISSION IN CONTEXT

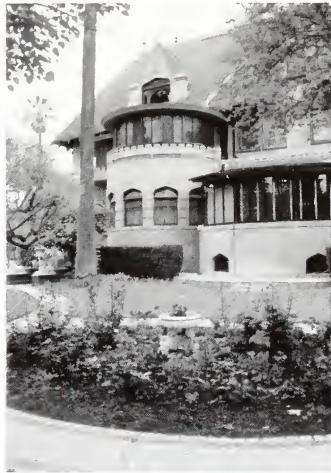

Founded in 1925 by the Sisters of St. Joseph of Carondelet, Mount St. Mary's College offers associate, baccalaureate, and graduate degree programs in the arts, sciences, and selected professions. Housed on two beautiful campuses, the College serves one of the most diverse student bodies in the nation. Baccalaureate programs are offered at the Chalon Campus in west Los Angeles. Associate and graduate programs are offered at the Doheny Campus on the historic Doheny estate near downtown Los Angeles. Today, Mount St. Mary's is the only Catholic women's college west of the Mississippi.

At Mount St. Mary's, education is a transforming experience. Students explore a world of ideas while immersed in a richly diverse, close-knit community that supports and inspires them to discover their place in a world of challenge and opportunity. Mount students are encouraged to understand themselves as leaders

with a responsibility to the common good and to view their professional lives as a means of service to others.

A strong liberal arts focus informs every course of study. The College is distinguished for its integration of curricular and co-curricular programs that foster intellectual, spiritual, social, and civic development. The College responds to societal and educational needs through innovative academic programs such as the Alternative Access two-year program for many first-generation college students and the Weekend College program for working adults.

The College takes great pride in its more than 12,000 graduates who have become exemplary citizen-leaders in their churches, neighborhoods, professions, and families. Carrying on the commitment to compassion, involvement, and justice which are at the heart of the mission, these graduates testify to the ideals of the College through their lives of generous service to their communities and to the world.

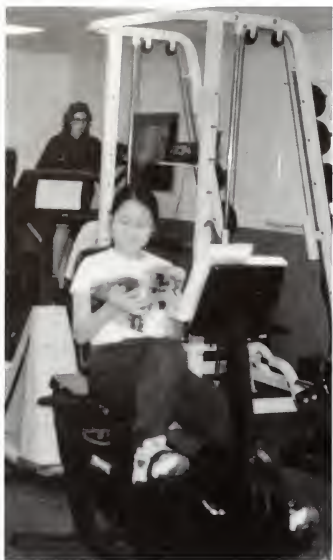

Office of the President

Dear Graduates of 2003,

As I leafed through my own yearbook the other day, I was delighted in the treasure trove of memories I found there – of friendships born, of challenges conquered, of lessons learned and degrees completed. A picture is indeed worth a thousand words! As you chronicle your dearest memories in this book, I take this occasion to congratulate you on your own unique set of achievements, for the blessing and joy it has been to have each of you at the Mount, and to elaborate briefly on my wishes for you from all of us.

It has been gratifying to see you grow through these many experiences at Mount St. Mary's College. During your time here, we charted a new strategic plan that I believe can serve you well as alumnae. It invites you to a life of meaning – a life that matters. Take our Catholic mission with you and commit yourselves to values of compassion, justice, and exemplary respect for yourself and others. Continue to raise the bar on your own performance such that you communicate effectively and prudently, engage in reasoned thinking, and pursue life-long learning in all settings. Take time to reflect. Take time to pray. That too raises the bar and leads to a life that matters. Embrace beauty in all its forms. Treat your surroundings as well as your neighbor with the utmost care. Aspire always to remarkable service. Use, rather than abuse, the many resources and tools at your disposal, such as the powerful tool of technology.

Congratulations! God bless you as you journey forth to use your knowledge and skills to better yourselves, your environments, and the world.

A handwritten signature in cursive script, reading 'Jacqueline Powers Doud'.

Where are we going?
Ay, Where are going?
Yesterday we were freshmen
coming up one road.
Today we are graduates,
creating each our own.
Our time at the Mount
might have been short.

Our bed upon the hill
our lamp the stars above.
Some journeys a bit long.
The rides from Mount to Mount.
yet there were those,
that rode from sea to sea.

Such is the story, our glory soon to come!
From our "small world," into the real one.
Yesterday- classes, meetings, papers
also parties here and there.
Today, tomorrow- people waiting upon us
to make a difference in the world.

First Leg of the Journey

The advent of college can be a scary and confusing thing. Overzealous freshmen may end up like Yogi Berra who once chined, "when I see a fork in the road, I take it." But never fear the o-counselors are here, at orientation to steer freshmen in the right direction whether it be advice on course selection, school guidelines, breaking the ice or simply getting directions from the registrars office to the bathroom, orientation serves to familiarize, adapt, and comfort incoming freshmen while having fun, making friends, and sharing sundaes.

Welcome back party starts the school and a year full of memories. Freshmen use this weekend to make lifetime friends.

Orientation leaders eagerly await to make the best out of the week-

The Road to the Future Begins

Plunging into a new journey is never easy. You always wonder, "did I forget something," "what if the brakes fail," or the ever popular "augggh." To soothe some of those road jitters the mount hold orientation - a time of welcome, information, fun, and burgeoning friendships. There freshmen learn the ropes, the campus, and that they are not alone in their journey to adulthood.

Road to Trick or Treating

Everyone is dressed in his or her favorite character to celebrate Halloween at the Mount. Traditionally, Doheny opens its doors to neighboring families and everyone is invited to take part in the festivities. With fun and candy for everyone, the "haunted mansion" provides a safe place for the neighborhood children and their families to celebrate this spooky holiday. Students, staff and faculty prepare ahead of time for the festivities by donating 3000 pounds of candy.

Strengthening bonds with Dad

The annual Father/ Daughter Dance, which has become a tradition at the Mount, took place this year at the Doheny Mansion. This event provides a special opportunity for "Mount daughters" to share their success and achievements with their dads, as well as to say "Thank you Dad for your support on my educational goals." This is also a time for "Mount dads" to show their support, pride and love for their daughters.

A Special Thanks To Mom

Every year students get the opportunity to express their gratitude to their mothers at the Mother/Daughter tea. Daughters are given a moment to reflect and say thank you to their mothers for their continuous support throughout their college years. Tributes are filled with laughs, tears, and thank yous, making the day extra special for daughters and mothers. This year's brunch was a great success filling up the Doheny mansion.

World Cup, the Mount Way

Battling friends who once on the field become nothing but opponents is part of the game. Mount students, in an effort to achieve the coveted first place, let nothing get in their way. This year four teams battled in this fun and entertaining yet tough game of soccer. Bruises and aching muscles are all part of what to expect after the game is over but its worth it when you've achieved your goal.

Athenian Shooting Stars!

The purpose of the Intramural Sports Program is to provide MSNC members with exercise, recreation, and fun. Athenians are able to meet and enjoy a friendly game with UCLA students. Staff and students relax and destress from their studies shooting a few hoops in a b-ball game or spiking during a volleyball game. Sports at the Mount is a good way of enjoying the experience of college sports and taking a weekly trip off campus.

Unlocking the Magic

The culmination of the night is the crowning of the queen and her court. This beautiful tradition consists of last year's court crowning the incoming court. This tradition is something that the Mount students eagerly look forward to. The night gives them a chance to feel like a princess.

Fun, Laughter and Competition

All In the Same Road.

Athenian Day came once again to the Chalon campus to test the physical and mental abilities of students and staff. Ten teams competed in the various activities throughout the warm day. It started with the early morning warm up and each teams cheer. This year, the Theta's won the spirit award. First place went to the Spicy Peanuts, second to Purple Pythons and third to Kappa's.

Multicultural night is full of excitement and competition for those in attendance. The day is a perfect culmination to long preparation and rehearsals from all the participants. This is the night when all the clubs on campus show what they are made of. Overall this year's show was full of surprises, traditional performances and new acts that will be hard to top next year. Highlighting Accomplishments

First generation students have the opportunity to become part of the ISAE program. At the end of each year the ISAE Bravo Banquet is held to honor graduating students who have been active participants of the program. At the banquet both campuses come together to celebrate the diligence and persistence of their Mount graduates. Special recognition is given to students, as well as faculty, for their dedication and great work throughout the year.

Renwarding Hardwork

This year's 2003 Student Activities awards were once again a great closing to the school year. Students and organizations alike anticipate this day, as a closing to their club activities and recognition for all their hard work. The SACS office looks at all the events, participation and commitment of the club and its members in order to best recognize their achievements. This year the coveted Club of the Year award went to Latinas Unidas. Aside from recognizing clubs there is also recognition of emerging leaders on campus. These are students who just came to the Mount and are already making a difference. Also among the attendees are faculty and staff who also receive the Faculty / Advisor of the Year award. This year the award went to Dr. Harte. As a closing there is a reception where everyone can celebrate and be together once last time before the end of the school year.

The Mount Abroad

Through their years at the Mount some students had the opportunity to study abroad. Students came back with wonderful memories and stories that will last them a lifetime.

London. Paris. Salamanca. Rome. From visiting the Eiffel Tower in Paris all the way down to the movie setting of Star Wars in Africa, Mount students were able to obtain an educational experience that went beyond books. And like many say "a picture is worth a thousand words."

A Day of Recognition

Laurel's Day is modeled after the ancient Greek custom of presenting victors with laurel wreaths. The wreaths are now replaced with certificates, flowers, and plaques along with other awards as recognition of Doheny students' hardwork and accomplishments. It is a day where the Mount community joined by family and friends witness the rewards for great accomplishments for their associates graduates.

In Honor of Mary

Mary's Day is a celebration in which the College community honors Mary, the Mother of Jesus. The day includes a procession to the statue of Mary enshrined on campus, and the crowning of this statue with a wreath of flowers.

Throughout the years, this day has been a day in which family and friends join faculty and administration in honoring Mary by celebrating the achievement of the students of Mount St. Mary's.

The Last Leg of the Journey

The long awaited moment has finally arrived. After four years of sleepless nights, daily clases or just college life, it's time to move on. It's time to make decisions. Many will move on to face the world while others will move on to receive a higher education. But graduation is just a time to celebrate. For Chalon students, faculty, staff and family everything else is left behind. Celebrating their four years of hardwork is all that matters in that special day of Graduation.

Finally! Nursing students await the grand moment of moving the tassel from the right to the left.

Paving the Road to the Future

Hugs, kisses, cheers and tears are all part of the day. Although it is a day of celebration, it is also a sad day. The friends and memories once made are now left behind, yet they are left with the hope that despite the separation some of these friendships will continue. They leave with the thrill of what awaits them in the future either as transfer students at another campus or just up the hill to Chalon. This long awaited day is Graduation.

AUTOGRAPHS

"I offer this advice about advice:

Try to do what is right and fair, caring for your self and being compassionate toward others. If you need advice, ask it of those you respect and whose opinions you hold dear.

Ask those offering unsolicited advice to give you the space—and the silence—to find your own way. Knowing that you may fall, have to dust yourself off and go on is all part of life's adventure. Don't fear it, but don't be foolhardy either.

Ask for advice if you seek clarity or guidance. Take advice if it feels right—if it resonates with your values, your instincts, your dreams, your goals, and your horse sense.

Good advice can be life transforming, but so can self-reliance and personal reflection. Seek a balance and, hopefully, you will find harmony along the way."

Dr. Wanda Teays,

Chair Philosophy Department

*Honoring a Legend**

Sr. Mary Williams

Following 42 years of distinguished and loving service to the Mount, Sr. Mary Williams, Provost and Academic Vice President, retired on June 30, 2003. You will not be surprised that I find it difficult to describe in words what Sr. Mary meant to our College community. Over more than four decades, Sister served ably as Professor and Chair of English, Academic Dean, and Provost and Academic Vice President. She embodied the values that we all aspire to and seek to instill in our students. During her tenure, she also assumed leadership roles for the Sisters of St. Joseph. We benefited not only from Sr. Mary's many experiences and personal gifts, but also from someone with a signature education — a Phi Beta Kappa graduate from our sister college, The College of St. Catherine, and an alumna of Stanford University. She touched the lives of countless students; many of whom identify Sr. Mary as their favorite professor. Personally, Sr. Mary is a cherished colleague and friend. She leaves an incredibly rich legacy and we will miss her keenly. Thank you, Sr. Mary for all you are and have been for all of us.

This is our dedication page to our friendship and traveling the world together. Along our journey we would like to thank the following gurus: Dr. Teays,

Dr. Dumont, and the rest of the philosophy department for always expecting from us what we should expect from ourselves. To Dr. Delahanty, Dr. Shone and Dr. Becker for shaping our political thinking. To Mark Forte for showing us sunlight through the storm. And to the wonderful sisters of Phi Alpha Delta. And of course to George W. for just making us realize why we are democrats.

DAY

THANK YOU MAMI FOR BEING SO GREAT AND BEING
SUCH A GREAT FIREND. I LOVE YOU MOM. I ALSO
WANT TO MAKE SURE TO THANK ALL THE GREAT
PEOPLE AND FRIENDS I HAVE MADE AT THE
MOUNT...MAN WE HAD SOME GOOD TIMES!
REMEMBER THIS IS NOT THE END ONLY THE
BEGINNING.

What yearbook picture?

It takes courage to refrain from gossip when others delight in it, to stand up for the absent person who is being abused. It takes courage to be a true woman, to hold fast to your ideals when it causes you to be looked upon as strange and peculiar. It takes courage to be talked about, and remain silent, when a word would justify you in the eyes of others, but which you dare not speak because it would injure another. It takes courage to refuse to do something that is wrong.

Hanging out in Central Park

M'UN'rs 4 Life

It has been quite a journey and there are many to thank for all that I accomplished.

I thank **MY PARENTS** for leading me to become who I am today. Thank you for leaving what you have built behind so that we can have the opportunity to build things on our own. Thank you for all the things you taught me. You are the Best! To my brother and my sister, **Marc & Maia**, I am happy to be your "big" sister. Listen to Mama & Papa because it's for your own good. I'm not kidding! I also want to thank **"The Bigger Segismundo Family"** for all the help you've given me. I also can't forget the people that helped my family the most, **Lola Mia and Tita Elvie**. I don't know how we can ever repay your generosity. I also want to thank **Tita Adette** for inspiring me to graduate Magna Cum Laude.

My huney, **Bryan**, also deserves many thanks. Thank you being there through all four years. You've been my confidante whenever I needed one. Thank you for supporting me in every way you can and for always understanding my priorities. And I definitely wouldn't forget about the **best roommate and friend I ever had, Cristen**. I hope that we'll never lose touch over the years. I also want to thank **Christina, Vanessa, Lidia, and all the girls at the Mount**, college wouldn't have been the same without you.

I also owe many thanks to all the professors and administrators that helped me grow at the Mount. I especially thank **Prof. Hyatt, Prof. Alhanati, Mary Sloper, Fr. O'Brien, Monica Lond, Elline Ballo, and Melissa Romero**. The people at the Mount are great, but I would not have had the opportunity if it hadn't been for one beautiful & dedicated college counselor, **Ms. Campbell**. You had such a great influence in my life. I would not be where I am without your constant support and helpful guidance.

To everyone I named above, I LOVE ALL OF YOU & I dedicate all that I have accomplished to you.

♥, *Mariliese*

*Congratulations to all the graduates of 2003,
especially the Bachelors of Science in Nursing Graduates!*

Thanks to the entire faculty and staff, especially the Nursing Department of the Telen Campus for guiding me in developing my skills and becoming a professional registered nurse. Many of you, although you may not know it, have been great role models and instilled values of the profession in which I will carry on as I start my career. I appreciate all the constructive criticism, support, advice, and encouragement you have given me throughout the four years I have been at the Mount.

To my family, I love you all and appreciate having such a supportive family behind me always. I know you have sacrificed so much for me and I love you for doing so! We have been through so much this past year and I am very proud that we have kept strong as a family. Mama, although you are no longer with us, you are very much alive in my heart and in my thoughts. The memories I have of you will be with me forever. I miss you so much and wish you could have been present at my graduation ceremony. I know you will be there in spirit and hope you are proud of all my accomplishments! I love you!

Jay, you are truly a blessing from up above. Without you where would I be? You have done so much for me these past months and I love you so much! Each day I fall in love with you deeper and deeper. Our relationship has just started and I cannot wait to spend the rest of my life with you. We complement each other so much that I know we both feel like we must be each other's soul mate. Clings between you and I are like magic. Everything seems to work out and be so perfect! Thanks for adding life to my life. I enjoyed all our adventures and look forward to creating more memories with you.

Great job on making this page so beautiful...I will cherish it forever!

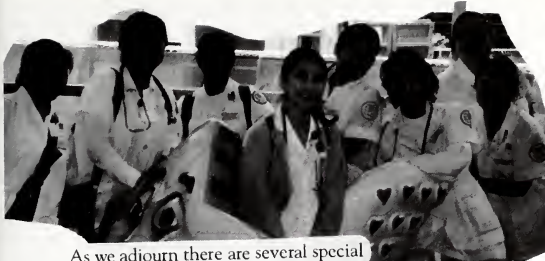

My awesome friends in Hawaii, you are all the best, especially you Kevin, Grace Ann, Mary Anne, and Paul Ann! Thank you for always taking me out during my school breaks, and spending time with me to make up for all the time I was away. I always have fun with you guys! I am glad that we all are still close friends!

All my nursing friends, we did it! Congratulations everyone! Thank you all for being so kind to me. I will miss you all so much, especially those in my study group. Thanks for making me a part of your group. Every one of you helped me do my best in all our theory classes. I love you guys! Keep in touch and visit me in Hawaii!

I am who I am because of the relations I have with others. All of you have made differences in my life! I thank God time and time again for having every single one of you in my life. You all are blessings from up above, and I pray that the Lord will continually bless you always! I love you all so dearly! Thanks for all that you have done in my life!

As we adjourn there are several special people who we would like to thank. First and foremost, we would like to thank our families, especially our parents for all their love and support.

We would also like to thank all our friends who have helped make these past four years memorable ones.

And finally, to all the nursing faculty at MSMC, who have helped lay the foundation upon which we will build our nursing careers on.

*As I care for my patients today,
Be there with me, Oh Lord, I pray
Make my words kind - it means so much.
And in my hands place your healing touch.
Let your love shine through all that I do,
So those in need may hear and feel you.*
